

THE ANNUAL REUNION

Of The Second Brigade U. C. V. Will Be Held at Madisonville.

The Second Brigade U. C. V., will hold their annual reunion at Madisonville, on Saturday, October 14.

The reunion will be held under the auspices of the Daughters of the Confederacy.

Visitors will be entertained by the citizens of Madisonville free of charge.

Gen. B. H. Young, of Louisville; Gen. W. J. Stone, of Frankfort, and Capt. W. T. Ellis, of Owensboro, will be present and will deliver addresses.

It is the desire of the Commander that Camps shall be represented at this meeting.

J. J. GLENN, Adjutant.

F. B. HARRIS,

Com. of Second Brigade.

Kentucky has more silos than any other Southern State.

THE BAKER AND HIS PRICE FOR BREAD

You have heard it said that only two per cent of the people of the United States are interested in high prices for wheat, while the other 98 per cent are better served by low prices. Do you know how these figures are obtained? This is the way the bakers figure it from the 1910 census:

Total number of farmers in the United States, 8,351,502; number who derive their income primarily from hay, grain and forage, 1,458,667, or 23 per cent; acreage devoted to these crops, 311,293,382; acreage devoted to wheat, 50,000,000, or 16 per cent; therefore 10 per cent of 23 per cent or a little over 4 per cent of the total, represents the number of farm population primarily interested in wheat. The farm population of the United States is 40 per cent of the total and 4 per cent of 40 is 2 per cent of the whole, so that 2 per cent of the people of the United States are adversely affected by low prices for wheat, while 98 per cent are benefited. If wheat prices were lower your bread would be cheaper.

When you hear about the baker having changed the price of his loaf, have you any realizing sense of the prices which have been changed to him in the last year or two and which he has borne without any relief and without any complaint?

At a recent meeting in Chicago these figures were produced from market records and sworn to by the parties making them. They cover increases in cost prices from 1914 to 1916.

AFTER SIX YEARS OF SUFFERING

Woman Made Well by Lydia E. Pinkham's Vegetable Compound.

Columbus, Ohio.—"I had almost given up. I had been sick for six years with female troubles and nervousness. I had a pain in my right side and could not eat anything without hurting my stomach. I could not drink cold water at all nor eat any kind of raw fruit, nor fresh meat nor chicken. From 178 pounds I went to 118 and would get so weak at times that I fell over. I began to take Lydia E. Pinkham's Vegetable Compound, and ten days later I could eat and it did not hurt my stomach. I have taken the medicine ever since and I feel like a new woman. I now weigh 127 pounds so you can see what it has done for me already. My husband says he knows your medicine has saved my life."—Mrs. J. S. BARLOW, 1624 South 4th St., Columbus, Ohio.

Lydia E. Pinkham's Vegetable Compound contains just the virtues of roots and herbs needed to restore health and strength to the weakened organs of the body. That is why Mrs. Barlow, a chronic invalid, recovered so completely. It pays for women suffering from any female ailments to insist upon having Lydia E. Pinkham's Vegetable Compound.

Patent wheat flours, an increase of 100 per cent; rye flour, very generally used in bread baked where there is a German element in the population, 124 per cent; sugar, 66 per cent; shortening of all varieties, 60 per cent; milk, 40 per cent; wax paper, 70 per cent; while some of the minor incidentals, such as seeds, seasoning, etc., have jumped more than 200 per cent. In addition to these items entering into the actual manufacture of bread, the cost of gasoline has increased 100 per cent, while in smaller districts where horses are still used, animal feed has increased 25 to 50 per cent, materially increase in the cost of delivery.

Do you know how the baker interprets the price of wheat in terms of price of flour from which he makes his bread and your bread? Take the market quotations for spring wheat, \$1.65 per bushel, and multiply this by 4½, as it takes an average of 4½ bushels of wheat to make a barrel of flour in bulk at the mill, \$7.85, to which must be added the cost of sacks, 20 cents per barrel, and freight to destination.

Such a barrel of flour should bake into 304 loaves at 15 ounces, 327 loaves at 14 ounces. The labor cost per barrel of flour figures about \$3 depending on the community. Other items which must be estimated are fuel cost, delivery charge, depreciation and return on investment. Retail grocers the country over expect 25 per cent on the wholesale price for handling. These are only a few of the factors which determine the cost the consumer must pay for the bread he eats.—Paducah Sun.

"VOTE FOR WOODROW WILSON FOR PRESIDENT."

Thirty car loads of Buick roadster and touring cars passed through this city this morning between 7 and 8 o'clock, en route from Flint, Mich., to Atlanta, Ga. On account of the scarcity of box cars, the machines were carried on flat cars, three on a car, making a total of ninety automobiles. The value of the ninety machines was \$90,000. The machines were covered with tarpaulins, containing large white letters, "Vote for Woodrow Wilson for President."—Bowling Green Messenger.

First Christian Church.

J. Newton Jessup, Pastor.
Bible School 9:30 a. m. Geo. W. Crenshaw, Supt.

Christian Endeavor 6:30 p. m.
Prayer meeting Wednesday evening.

Rev. S. M. Martin, one of the best known evangelists in the Christian Church, will preach both morning and evening.

Will Receive No Pay.

Recruits for National Guard organizations during the recent recruiting campaign, but who failed to pass physical qualifications, will receive no pay under a ruling by the Controller of the Treasury. On a few men are affected and none of them served more than two or three days.

Methodist Church.

Dr. Powell will preach at 10:45 a. m. on "Going Forward." At 7:30 p. m. on "The Compassion of Jesus." Sunday School at 9:30 a. m., J. L. Cate, Supt.

Epworth League at 6:30 p. m., John C. Lawson, President.

Everybody make a fresh start with the beginning of the new conference year.

Shoulder Fractured.

Mrs. W. W. West, of near Church Hill, stumbled while walking in her yard Wednesday and fell with such force that one of her shoulders was fractured. The fracture was reduced by a surgeon from this city and she is reported as doing well.

Switzerland imposes a tariff on auto imports.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

DR. HORNER'S CHURCH.

Dr. Horner will preach the second of his series of sermons at the Masonic Theatre at 2:30 o'clock next Sunday afternoon. His subject will be "The Crime of a Divided Christianity and the Remedy."

Rev. W. W. Horner, who resigned the pastorate of the Walnut Street Baptist church, Louisville, to organize a "pure church," preached the first of four sermons Sunday to precede the organization. He said the world does not need a new church, but a return to the one Christ founded.

It is the duty, he declared, of every child of God who has not already made the full surrender to come apart from every church with human name, theory and practices and lift "the church of God," which already exists, out of "the rubbish of human creeds and worldliness." Dr. Horner asserted that the words "Baptist, Methodist, Presbyterian, Christian and the like," were not Bible names for churches. "Some churches brazenly retain multitudes of deadbeats, libertines and other human leeches in their membership, and some religious cults, insofar as Christianity is concerned, have been dead so long that they have quit smelling bad," stated the minister.

THE STOVE DOCTOR

Our Mr. Baker is right up to snuff when it comes to putting the proper medicine to your stove or range. Call us and give him a trial.

EARLY PROLIFIC, QUITE PROLIFIC.

David Scruggs, a farmer residing two miles southeast of the city, brought to this office on yesterday for display a stalk of corn of the early prolific variety which he says produced eight ears of corn. The stalk is in a cluster of four, three stalks of which Mr. Scruggs says are off springs of the main stalk.

BE PREPARED

You Can Smell it Coming, those cold, bleak, wind-whistling nights.

BE ON TIME

Don't wait until the snow is banked against the front door before you recall that you need

A STOVE OR RANGE

Get prices elsewhere, if you wish, and then drop in, look our stock over and you will find we can save you from 15 to 20 per cent. on the purchase. It won't cost you anything to look.
